FULLSTACK WEB DEVELOPER
M.ILYAS NAZHIF AZHAR AL QORDHOWI

www.linkedin.com/in/m-ilyas-nazhif-azhar-al-qordhowi

ilyasalqordhowi (github.com)

Ilyas is a dedicated Full-Stack Web Developer with a strong academic foundation in science, having completed high school in 2024. During his education, he actively engaged in scientific competitions and collaborative projects, refining his teamwork and problem-solving abilities.

At Fazztrack, Ilyas further developed his technical expertise, mastering languages like JavaScript and Go. He also gained proficiency with frameworks such as React.js, Tailwind, and Gin Gonic, as well as containerization tools like Docker.Currently seeking flexible remote work opportunities, Ilyas remains committed to continuously enhancing his web development skills and contributing to dynamic development teams.

Skill

- Golang
- Javascript
- React JS
- Tailwind
- PostgreSQL
- Git

- HTML
- CSS
- Node JS
- Docker

Project Experience

- **SnagTick**   **http://103.93.58.89:20203/**

- SnagTick is an online ticketing platform developed over 8 weeks, offering seamless event search and ticket purchasing for concerts, conferences, and more.
- Tech Stack: Built using Golang and JavaScript, with PostgreSQL for database management. React.js powers the frontend, Node.js the backend, and Tailwind CSS ensures a modern user interface.

- **Konis(Kopi Manis)**   **http://103.93.58.89.23231/**

- Konis(Kopi Manis) is a coffee shop platform built with Golang, JavaScript, PostgreSQL, React.js, Node.js, and Tailwind CSS. As a member of the development team, I focused on designing the user interface and integrating the frontend with the backend to create an optimal experience for coffee enthusiasts.

Work Experience

- **Designer, Freelancer**   **July 2023 - May 2024**

Developed strong and consistent visual identities for several startup companies, including logos, color palettes, and brand guidelines. These projects help clients increase brand recognition and create a lasting impression in the market.

Education

- **FULLSTACK WEB DEVELOPER & GOLANG,**FAZZTRACK   **Jun 2024 - Sep 2024**

  Completed multiple projects and mini-projects utilizing technologies such as React.js and JavaScript for Frontend development, Golang and Gin Gonic for Backend, and PostgreSQL for database management.

- **SMA NEGERI 1 GONDANG,**MIPA   **Jun 2021 - Jun 2024**

Honor and Award

- Youth Scientific Work, Krenova District Level – 2023
